DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,3 & 4⁶ are rejected under 35 U.S.C. 102(b) as being anticipated by Japanese Patent 11-115466. The Japanese Patent discloses a air conditioner apparatus comprising: a compressor (17), refrigerant tubes, fluid tubes for distributing waste heat from an engine, a blower (7) for blowing conditioned air into a room/compartment and furthermore a fin heater with fluid tubes & refrigerant tubes arranged in a parallel fashion.

Allowable Subject Matter

Claims 7-10 are allowed over the prior art of record.

Claims 2 and 5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
